

# Health Care for the Homeless Health Fair

Join us as we honor and celebrate the work being done to provide comprehensive health care as a human right with our Healthcare for the Homeless Health Fair. We have partnered with select organizations to help us serve this population with free giveaways, such as **hygiene kits, clothes, shoes**, and other donations. Free **meals** will be distributed. Puppies will be available for hugs and play-time.

**Monday, August 8th**  
**9AM-1PM**

**H**  
Homeless

Health Care for the Homeless (HCH) program provides targeted funding to meet the needs of those living without stable housing. People without homes endure higher rates of chronic and acute disease, behavioral health conditions, and other needs that make them particularly vulnerable to poor health, disability, and early death.

Join Clinica Sierra Vista as we recognize and participate in National Health Center Week. Celebrate with us the roles Community Health Centers have played in finding innovative ways to provide preventative, and primary care to our communities and patients of underserved populations.

National Health Center Week honors front line providers, staff, stakeholders, and our beloved patients, through dedicated focus days to highlight each particular innovative way we are providing high-quality health care, improved health outcomes, and narrowing health disparities.
