

HOMELESS YOUTH AWARENESS MONTH TEACHER TOOLKIT

There are an estimated 5,500 Kern County students experiencing homelessness. For Homeless Youth Awareness Month, BKRHC has developed a toolkit of strategies and activities for educators to help teach students in grades K-12 about youth homelessness and the stigma they face.

Get Your Teacher Toolkit This November!

As the saying goes, children are our future. The best way to change negative stereotypes about people experiencing homelessness and ultimately end homelessness is to teach young people how to be compassionate advocates. The toolkit includes:

- Collection of awareness activities for grades K-12.
- Flyers & posters to promote HYAM at your campus.
- 2nd Annual HYAM Art Poster Contest information.
- Community HYAM events to participate in schoolwide.
- Wear Purple During November Campaign.
- November Homelessness Awareness Activity Calendar.
- Resources to share with youth & families.
