

FOR IMMEDIATE RELEASE

Prop 47 Local Advisory Committee recruitment open

Applicants have until March 3, 2025 to submit applications

FEB. 25, 2025 — The City of Bakersfield is establishing a Proposition 47 Local Advisory Committee (LAC) and is currently recruiting individuals to fill three (3) community member seats, to be selected by the inaugural board. The selected community members will join the LAC's 15-member board, serving the committee through Dec. 31, 2028.

The LAC provides recommendations to City staff regarding the implementation of the Proposition 47 Grant Program but does not have decision-making authority over operations or funding allocations. The Proposition 47 Grant Program, detailed in Attachment A, addresses homelessness through targeted interventions. The proposal aligns with Proposition 47's goals of rehabilitation and restorative justice, focusing on three main objectives: addressing the parole to homeless pipeline, strengthening supportive services, and increasing transitions to permanent housing. Key strategies include intensive case management and warm handoff reentry services for individuals with a history of mental health and substance use disorders. The project emphasizes comprehensive support through mental health services, substance use treatment, and pre-arrest diversion. The proposed initiative aims to address homelessness by supporting reintegration and providing individualized care, moving away from punitive measures.

Committee Member Responsibilities

Members of the committee will provide advisory input on the program's implementation, helping to identify challenges and recommend service improvements. The LAC plays a crucial role in advising City staff by identifying challenges, shaping service delivery recommendations, and offering insights to maximize the impact of the grant. However, the LAC serves solely in an advisory capacity and does not have decision-making authority over program operations or funding allocations.

Qualifications and Commitment

This is a unique opportunity to contribute to meaningful change in our community. We are seeking candidates who are passionate about serving this vulnerable population and can contribute their professional and/or personal experiences to help guide the LAC in an advisory capacity. We encourage individuals with lived experience, service providers, advocates, and other stakeholders to apply and be part of this important work. Members shall be at least 18 years of age, and a resident of the City of Bakersfield. Additional information can be found in Attachment B.

This is a voluntary, unpaid position requiring a time commitment of 1–2 hours every other month for meetings. Meetings are typically held at the Bakersfield Kern Regional Homeless Collaborative Office, though the venue may vary.

Application Process

To apply, please fill out the Application for Appointment. Application packets are available at the City

Clerk's Office at City Hall North (1600 Truxtun Avenue), 1st floor, and on the City's website. Completed packets should be returned to the City Clerk's Office. To be considered in this initial recruitment, the committee member application is **due March 3, 2025**.

PROPOSITION 47 LOCAL ADVISORY COMMITTEE

Attachment A

What is the Proposition 47 Grant Program?

Proposition 47 was a voter-approved initiative on the November 2014 ballot that reduced specified low-level drug and property crimes from felonies to misdemeanors. Each year, the state savings generated by the implementation of Proposition 47 are deposited into the Safe Neighborhoods and Schools Fund. Sixty-five percent of these savings are set aside annually for the BSCC to administer a competitive grant program.

Proposition 47 requires that these funds be awarded to public agencies to provide mental health services, substance use disorder treatment and/or diversion programs for those in the criminal justice system. Additional legislation (AB 1056, Chap. 438, Stats. of 2015) requires that the grants be awarded competitively, specifies that funds may serve both adults and juveniles and allows funds to be used for housing-related assistance and other community-based supportive services, including job skills training, case management or civil legal services. The BSCC further requires that at least 50 percent of the award made to grantees is passed through to community-based service providers.
